

Cover overview 2022

Werkgeverspakket FGD·ZORG

This reimbursement overview is intended to make it easy to see what types of reimbursements are included in an insurance. The overview provides a general description of the care to which you are entitled. No rights can be derived from this overview. The policy conditions may contain further terms and conditions relating to coverage. Also, a limitation of the reimbursement may apply, such as when you make use of a non-contracted care provider.

For a complete overview, we recommend that you consult your policy conditions. These will always take precedence.
